Together, we will walk through the process of caring for a sourdough starter and baking your own loaf of sourdough bread. Learn helpful tips for beginners and practice each step of the process in this engaging and interactive class! You will leave with your own dough for a loaf of bread that you made yourself and will bake the morning after class, along with your own sourdough starter, and a recipe card to start you on your new sourdough adventure! What to bring: a mixing bowl that is either plastic, ceramic, or glass and a tea towel that will cover the top of it.
